Current online patient services

GP system supplier - EMIS Web

GP system version – 5.7.5.0000

Plan to Meet GMS / PMS 2015-16 Contractual Requirement for Patient Online Service

Eyam Surgery plans to offer the facility for patients to view online, export or print detailed coded information held in their own records by **March 31 2016**.

These dates are subject to the necessary NHS GP systems and software being available to the practice.

This practice currently offers the facility for patients:

- to book, view, amend, cancel and print appointments online
- to order online, view and print a list of their repeat prescriptions for drugs, medicines or appliances
- to view online, export or print summary information from their record, relating to medications, allergies, adverse reactions and any other items agreed between the practice and individual patient

We will publicise and promote our online services to our patients through the practice website, practice waiting room leaflets, posters and the Patient Participation Group by **March 15 2016**.
